The City of Norwich offers a variety of community and economic development programs to both individuals and businesses. Most services, however, are limited to the confines of the city. Two programs specifically designed to assist the needy are: the Emergency Home Repair Grant/Loan Program, and the HOME Rental Rehab Program. Other programs, such as the Residential Sidewalk Program and the Paint Rebate Program, are open to all city residents regardless of their income level.

Quaranta Services Center offices a variety of programs in a multi-county service area encompassing Madison, Chenango, Otsego and Broome Counties.

**Housing Choice Voucher Program:**

Offers rental assistance to eligible low-to-moderate-income families and individuals to help them gain safe and adequate housing. The program provides for monthly rent payments based on the income and circumstances of the family or individual.

**Housing Choice Voucher Family Self Sufficiency Program:**

Assists families and individuals in reaching their goals and becoming economically secure. The program also offers the opportunity to build cash savings that are awarded upon successful completion of all program requirements.

**First Time Home Buyers Program:**

One-on-one counseling, classroom education and post-purchase counseling are offered to individuals who live and/or work in Chenango and Broome Counties to prepare for homeownership. Depending on funding availability, customers may be eligible for a grant to assist with down payment and closing costs.

**Certified HUD Counseling Program:**

Provides comprehensive housing counseling services for pre & post purchase counseling, mortgage default, reverse mortgage counseling and rent delinquency by trained counselors.

**Weatherization Assistance Program:**

Providing energy conserving measures to homes of income qualified applicants. Assistance to owner/investors is also available with required matching contribution. Trained Energy Auditors use state of the art equipment for home energy assessments. The program provides repairs and upgrades to heating and costly appliances as well as insulation upgrades.

Americorps is a network of national service programs that engage more than 50,000 Americans each year in intensive service to meet critical needs in education, public safety, health, and the environment. Americorps members serve through more than 2,100 nonprofits, public agencies, and faith-based organizations. They tutor and mentor youth, build affordable housing, teach computer skills, clean parks and streams, run after-school programs and help communities respond to disasters. Created in 1993, Americorps is part of the Corporation for National and Community Service, which also oversees Senior Corps and Learn and Serve America. Together these programs engage more than 2 million Americans of all ages and backgrounds in service each year.

Americorps is open to U.S. citizens, nationals, or lawful permanent residents aged 17 or older. Members serve full or part time over a 10 to 12 month period. Full-time members receive an education award to pay for college, graduate school, or to pay back student loans. They also receive health insurance, training, and student loan deferment. About half of the members also receive a modest annual living allowance, along with health insurance. Members who serve part-time receive a partial education award.

STAP provides HIV prevention and support services in an 8-county region in the Southern Tier of New York. For HIV positive individuals STAP offers comprehensive and supportive case management, to help people maneuver the health care and social services systems and access the services they need. STAP also has housing specialists on staff to help clients secure stable housing, which is accomplished through housing placements, and rent, utility and mortgage assistance programs. The Treatment Literacy program gives HIV + clients a chance to work with a medical advocate to become better informed about HIV and treatments available which empowers clients to become advocates for their own care. STAP prevention educators offer free prevention programming, community education and outreach and staff trainings to schools, prisons, faith-based setting and human service agencies. STAP also offers free rapid HIV testing at each office as well as at events across the 8 county service area.
